PRINTED + DIGITAL · 4 RESOURCES

Your semester, *together.*

This starter guide accompanies your Student Starter Bundle: two printed planners for the weeks ahead, the Notion Student OS to hold the whole semester, and the Deep Work guide for the sessions in between.

01 · Printed Exam Focus Planner — the six-week revision plan, made to be written in.

02 · Printed Weekly Study Planner — a tear-off pad for classes, deep work and rest.

03 · Notion Student OS — your digital course dashboard and revision queue.

04 · Deep Work Study Guide — the session ritual and ten-minute review.

Start here: open the Notion workspace, add your current courses, then open week one of your printed planner. Keep the planner on your desk; it is made to be used, not saved.

Printed, with care

Your planners are checked and packed by hand before dispatch.

Digital access

Digital components appear in your account library after payment is confirmed.
