PDF PLANNER · A4 + LETTER

Exam Focus *Planner.*

A printable six-week revision planner with daily focus blocks and a weekly review. This is a sample of the full 24-page resource. Print it at home, use one honest week, and notice what changes.

“The weekly review is the quiet hero.”

01 · Choose six topics

Pick the smallest unit you can finish. A topic is not a whole chapter.

02 · Protect one block

Put the phone in another room. Write down the single action for the block.

WEEK 03 · SAMPLE

A week with shape.

MON	TUE	WED	THU	FRI	SAT	SUN

One thing: Finish the biology summary before lunch. Everything else can wait.

Weekly review

What moved forward? _____

What is still unclear? _____

What is the first action next week? _____
