DIGITAL BUNDLE · 3 RESOURCES

Your semester, *together.*

Thank you for choosing the Student Starter Bundle. This sample sheet shows how the three resources fit together. The full bundle includes your Notion duplicate link, the complete planner and the full guide.

01 · Notion Student OS — your course dashboard and revision queue.

02 · Exam Focus Planner — the six-week paper plan.

03 · Deep Work Study Guide — the ten-minute review and session ritual.

Start here: open the Notion workspace, add your current courses, then print week one of the planner. Leave the rest for later.
